**Mexico, January 25th, 2021.** Sandos Hotels and Resorts is proud to have received the Traveler Review Award 2021 from Booking.com, awarded for the favorable comments during 2020 from our guests.

This award is significant to our team due to the many challenges that they have faced this last year that significantly impacted the way our visitors travel. We feel fortunate to have received them and have the opportunity to demonstrate that our passion and commitment are to create unique travel experiences for each family member. In addition, we were able to develop our advanced Clean Stay protocols with which we take a step further in terms of safe vacations.

The resorts that received this recognition are:

- Sandos Cancun
- Sandos Caracol Eco Resort
- Sandos Playacar
- Sandos Finisterra

On behalf of the entire Sandos family, we want to extend our most sincere thanks to our loyal clients not only for their visit but also for having taken a moment to share their experience and thus, help us improve every day.
