

Sandos Cancun: Recognized with Tripadvisor's Travelers' Choice Award 2026

Cancun, Quintana Roo. June 25, 2026 – Sandos Cancun proudly celebrates having been honored with Tripadvisor's **Travelers' Choice** award, a recognition that places the hotel among the top 10% of the world's most popular accommodations, based on reviews and ratings shared by travelers over the past year. This important recognition reflects the preference and satisfaction of our guests, as well as Sandos Cancun's ongoing commitment to delivering memorable experiences in one of the most iconic destinations of the Mexican Caribbean.

Located on the turquoise waters of Cancun, **Sandos Cancun** has established itself as an **adults-only all-inclusive** resort that combines rest, gastronomy, wellness, and entertainment in a privileged setting. Its concept offers a sophisticated beachfront experience, ideal for those seeking relaxation, comfort, and special moments as a couple or with friends.

Among its main highlights are its privileged beachfront location, its dining and bar offerings, its relaxation and rest areas, as well as **Spa del Mar**, a wellness retreat designed to complement the luxury and disconnection experience. Adding to this are its pools, its contemporary atmosphere, and the **Rhythm Experience**, a concept that brings energy and dynamism to the stay through **themed pool parties** and **nightly events**, creating an ideal balance between relaxation and entertainment.

"Receiving this recognition fills us with pride, because it comes directly from those who visit us and share their experience. It is a testament to the effort, dedication, and passion of our entire team in providing excellent service and continuing to position Sandos Cancun as one of the favorite options in the destination," said Rodrigo Carmona, General Manager of the hotel.

With this award, Sandos Cancun reaffirms its commitment to continue elevating the guest experience, strengthening its value proposition, and solidifying its place as one of the most beloved hotels among travelers from around the world.
